Welcome to HMO Blue®

Welcome to HMO Blue. As an HMO Blue member or member of another HMO or managed care plan administered by Blue Cross Blue Shield of New Mexico (BCBSNM), you have access to the largest network of providers in New Mexico. This means you receive maximum health care benefits, the freedom to make choices, and the flexibility to choose providers that meet your needs. What's more, you will not need a referral to see any physician in the network. This means it is easy for you to find the health care providers you need when you need them.

All of the providers in this directory are contracted providers for HMO Blue and other HMO or managed care plans administered by BCBSNM. Specialists in this directory are providers who you can visit without receiving BCBSNM authorization. If you wish to visit a provider who is not listed in this directory or who is not contracted directly with BCBSNM, you must receive prior authorization from BCBSNM.

Easy Access: With HMO Blue, you can choose from more than 44 hospitals, including a large teaching hospital, and from more than **8,000** providers. We have more than **1,300** primary care physician (PCP) locations from which to choose.

In fact, there's a good chance your current doctor is in our network—most of our members don't need to change doctors when they join.

Personalized Care: As a plan member, you are required to select one PCP from this directory. You may select a different PCP for each member of your family. Each member of your family can choose the PCP and medical group that best meets his or her needs. The PCP becomes the primary physician who provides or arranges for all your health care needs. If you need to see a specialist for any reason, your PCP will assist you in selecting the most appropriate specialist for your needs.

Open Access for Woman's Health: In addition to your PCP, all female members have direct access for a well-woman exam with any participating Obstetrician/Gynecologist (OB/GYN) in the network.

Provider Network Changes Affecting Members Living Within the Counties of Bernalillo, Sandoval, Torrance, or Valencia

Presbyterian Healthcare Services (PHS) and Presbyterian Medical Group (PMG) are no longer contracted with Blue Cross Blue Shield of New Mexico for the counties of Bernalillo, Sandoval, Torrance, and Valencia.

Members may continue to see Albuquerque-area PHS and PMG providers at a reduced benefit level for most covered services although some benefits are available only from a contracted provider. Refer to your summary of benefits or benefit booklet for information on non-contracted or out-of-network providers; or call customer service at the number on the back of your ID card.

Introduction - continued

Provider Network Changes Affecting Members Living Outside Bernalillo, Sandoval, Tarrant, and Valencia Counties

For members living outside the four counties, the PHS and PMG providers will continue to be considered in-network for specialty care services. The PHS and PMG termination **does not** include PHS facilities and associated physicians **outside** the four-county area or when specialty care can be provided only at Presbyterian Hospital in Albuquerque.

Directory Updates

Because we are continually working to expand the HMO network, affiliations with hospitals and provider can change over time. You are urged to check with your providers before undergoing treatment to confirm their HMO status and hospital affiliation. You can also call the customer service department at the toll free telephone number listed on the back of your BCBSNM ID card.

We're also on the Web!

You can locate a convenient HMO provider via our Web site, www.bcbsnm.com. Click on "Provider Directory" to search by name, specialty, or location. Still, you are encouraged to check HMO status with your provider prior to receiving services, or call the customer services department at the toll free number on the back of your ID card.

Selecting a Primary Care Provider

Many new members will find that their current physician is participating as an BCBSNM HMO PCP. If your current physician is not listed as a PCP or if you currently do not have an established physician, you will need to select one from this directory. When selecting a PCP, consider:

- Office Location: Do you prefer a physician located close to where you live or work?
- Office Hours: Do you prefer a physician who has early office hours, later office hours, or weekend office hours?
- Scheduling: Some physicians' offices don't make appointments; rather, they take patients on a first-come, first-served basis. Other physicians make appointments, and they may have a relatively open calendar or may be booked far in advance.
- Other: Do you prefer a younger or an older physician? Do you prefer a male or a female physician?

We highly recommend that you contact the offices of those physicians you are considering as your PCP and ask them questions about aspects of their practice that are important to you. Then you can make an informed selection.

Finding a Provider

This directory is for both members and physicians. All of the providers in this directory are in-network providers. Remember, the fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be medically necessary and covered under your health plan in order to be eligible for any HMO benefits.

There are several sections to this directory. Each lists providers alphabetically, within city and specialty, in the following manner:

State
City Name
County Name

Specialty

Provider Name
Provider Number: NM001234
■ Languages the provider speaks
Street address, Zip
Telephone

The preceding **Geographic List** presents providers organized by state, county, city, specialty and finally alphabetically. You can find a provider any of three ways: by location, by specialty, or by provider name.

If a provider provides services in more than one geographic area, his or her name is repeated under each city where services are rendered. This makes it easy to pinpoint a provider near you. Note that providers may not participate in the HMO network at all locations where they practice. If a location does not appear in this directory, the provider may not participate in the HMO network at that location. Be sure to call your provider for complete information on participation and hospital affiliation or, you may call the customer services department at the toll free number on the back of your ID card.

The **Table of Contents** in the front of the directory can help a user quickly find a geographic listing. Two indexes in the back of the directory serve very specific purposes:

- The **Alphabetical Index** provides a quick reference when looking for a particular health care provider referenced by page number for complete information on the provider.
- The **Providers by Specialty Index** provides a quick reference when looking for a particular health care provider practicing in a specific specialty.

Although this directory is current as of the date at the bottom of each page, it is subject to change without notice. To check if a physician/provider has been added to our network, or if you have any questions about how to use this directory, please call a BCBSNM Customer Service Representative at **1-800-423-1630**.

Bienvenido a HMO Blue®

Bienvenido a HMO Blue. Como miembro de HMO Blue o miembro de otro HMO o de un plan de manejo de cuidado médico administrado por Blue Cross Blue Shield New Mexico (BCBSNM), usted tiene acceso a la red más grande de proveedores en New Mexico. Esto significa que usted recibe beneficios máximos de cuidado médico, la libertad de tomar decisiones y la flexibilidad de elegir proveedores que satisfagan sus necesidades. Aún más, usted no necesitará ser referido para ver a cualquier médico que pertenezca a la red. Esto significa que es fácil para usted encontrar los proveedores de cuidado médico que necesite cuando los necesite.

Todos los proveedores en este directorio son proveedores contratados por HMO Blue y por otro HMO o planes de manejo de cuidado médico administrados por BCBSNM. Los especialistas en este directorio son proveedores que usted puede visitar sin recibir autorización de BCBSNM. Si usted desea visitar a un proveedor no indicado en este directorio o no contratado directamente por BCBSNM, usted debe recibir autorización previa de BCBSNM.

Acceso Fácil: Con HMO Blue, usted puede elegir de entre más de 44 hospitales, incluyendo un hospital general con facultad de medicina y de entre más de **8,000** proveedores. Tenemos más de **1,300** consultorios de médicos generales primarios (PCP) de entre los cuales elegir.

De hecho, es muy posible que su médico actual se encuentre en nuestra red—la mayoría de nuestros miembros no necesitan cambiar de médico al unirse a nuestro plan.

Cuidado Personalizado: Como miembro del plan, se le requiere seleccionar un Médico General Primario (PCP) de este directorio. Usted puede seleccionar un Médico General Primario diferente para cada miembro en su familia. Cada miembro en su familia puede escoger el Médico General Primario y el grupo médico que mejor se ajuste a sus necesidades. Si por cualquier razón necesita ver a un especialista su Médico General Primario le ayudará a seleccionar el especialista más apropiado a sus necesidades.

Acceso Abierto para la Salud de la Mujer: Además de su Médico General Primario, todas la mujeres miembros tienen acceso directo para un examen de la mujer sana con cualquier Obstetra/Ginecólogo (OB/GIN) participante en la red.

Cambios a la Red de Proveedores que Afectan a los Miembros que Viven En los Condados de Bernalillo, Sandoval, Torrance, o Valencia

Presbyterian Healthcare Services (PHS) y Presbyterian Medical Group (PMG) no forman parte del contrato con HMO New Mexico para los condados de Bernalillo, Sandoval, Torrance, y Valencia.

Los miembros pueden continuar viendo a los proveedores de PHS y PMG del área de Albuquerque a un nivel de beneficios reducido para la mayoría de los servicios cubiertos aunque algunos beneficios están disponibles sólo mediante un proveedor contratado. Refiérase a su resumen de beneficios o al folleto de beneficios para información sobre proveedores no contratados o fuera de la red; o llame a servicio al cliente al número indicado al dorso de su tarjeta de identificación.

Introducción

Cambios a la Red de Proveedores que Afectan a los Miembros que Viven Fuera de los Condados de Bernalillo, Sandoval, Tarrant, o Valencia

Para los miembros que no viven en estos cuatro condados, los proveedores de PHS y PMG continuarán siendo considerados dentro de la red para servicios de cuidado de especialidad. La terminación de PHS y PMG **no** incluye instalaciones de PHS y médicos asociados **fuera** del área de los cuatro condados o cuando el cuidado de especialidad pueda ser provisto sólo en el "Presbyterian Hospital" en Albuquerque.

Actualizaciones del Directorio

Debido a que estamos trabajando continuamente para expandir la red de HMO, las afiliaciones con hospitales y proveedores pueden cambiar con el tiempo. Por favor verifique prontamente con sus proveedores antes de recibir tratamiento para confirmar su situación respecto al HMO y afiliación de hospital. Usted puede también llamar al departamento de servicio al cliente al número de teléfono gratuito indicado al dorso de su tarjeta de identificación de BCBSNM.

¡Estamos también en la Internet!

Usted puede encontrar un proveedor de HMO convenientemente ubicado mediante nuestra página de Internet, www.bcbsnm.com. Haga clic en el "Directorio de Proveedores" (Provider Directory) para buscar por nombre, especialidad o ubicación. Además, le invitamos a verificar la situación respecto al HMO con el proveedor antes de recibir servicios o llame al departamento de servicio al cliente al número gratuito indicado al dorso de su tarjeta de identificación.

Cómo Seleccionar un Proveedor de Cuidado Médico General Primario

Muchos miembros nuevos encontrarán que su médico actual participa como médico general primario de BCBSNM. Si su médico actual no está indicado como un médico general primario o si usted actualmente no tiene un médico establecido, necesitará elegir uno del directorio. Al seleccionar un médico general primario, considere:

- Ubicación del Consultorio: ¿Prefiere usted un médico ubicado cerca a su hogar o a su oficina
- Horas de Servicio: ¿Prefiere usted un médico que ofrezca servicios temprano por la mañana, tarde por las tardes o bien los fines de semana?
- Citas: Algunos consultorios no dan citas, sino que, aceptan pacientes conforme van llegando. Otros médicos dan citas y pueden tener un calendario relativamente disponible o su calendario puede estar lleno con anterioridad.
- Otros: ¿Prefiere usted un médico joven o mayor? ¿Prefiere usted una mujer o un hombre?

Le recomendamos ampliamente que se comunique con los consultorios de aquellos médicos que usted esté considerando como su Médico General Primario y que les haga preguntas sobre los aspectos de su práctica que sean importantes para usted. Entonces usted podrá tomar una decisión más adecuada.

Introducción

Cómo Encontrar un Proveedor

Este directorio es para miembros y médicos. Todos los proveedores en este directorio son proveedores de la red. Recuerde—el hecho de que un proveedor esté en este directorio no hace que los servicios recibidos de ese proveedor sean automáticamente elegibles para beneficios. Los servicios deben ser médicamente necesarios y cubiertos bajo su plan médico para que sean elegibles para cualquier beneficio de HMO.

Este directorio tiene varias secciones. Cada una indica a los proveedores dentro de la ciudad por especialidad y alfabéticamente:

Estado

Nombre de la Ciudad

Nombre del Condado

Especialidad

Nombre del Proveedor

Número del Proveedor: NM001234

■ Idiomas hablados por el proveedor

Dirección, Código Postal

Teléfono

El ejemplo anterior de la **Lista Geográfica** presenta proveedores organizados por estado, condado, ciudad, especialidad y por último alfabéticamente. Usted puede encontrar un proveedor por alguna de las tres formas: por ubicación, por especialidad o por nombre del proveedor.

Si un proveedor provee servicios en más de un área geográfica, su nombre es repetido bajo cada ciudad donde se presten los servicios. Esto facilita el encontrar a un proveedor cerca de usted. Note que los proveedores puede que no participen en la red de HMO en todos los lugares donde lleven a cabo su práctica. Si una ubicación no aparece en este directorio, el proveedor puede que no participe en la red de HMO en ese lugar. Asegúrese de llamar a su proveedor para obtener información completa sobre la participación y afiliación de hospital o puede llamar al departamento de servicio al cliente al número gratuito indicado al dorso de su tarjeta de identificación.

El **Índice Alfabético** presenta una lista conveniente de proveedores alfabéticamente. Esta sección provee una referencia rápida al buscar un proveedor de cuidado médico particular. La sección geográfica está relacionada por número de página para poder obtener una información completa sobre el proveedor.

El **Índice de Proveedores por Especialidad** presenta una lista de proveedores por especialidad. La siguiente sección provee una referencia rápida para poder buscar a un proveedor de cuidado médico en particular practicando en una especialidad específica.

Aunque este directorio está actualizado de acuerdo a la fecha indicada al pie de cada página, está sujeto a cambio sin previo aviso. Para verificar si un médico o proveedor ha sido añadido a nuestra red

o si usted tiene preguntas sobre el uso de este directorio, llame a un Representante de Servicio al Cliente de HMONM al 1-800-423-1630.

Primary Care Physicians (PCPs)

Primary Care Physicians are professionals who have either an MD or DO degree and are licensed to practice medicine. PCPs focus on the "whole person" and help you coordinate your health care, including referrals. PCPs include General Practitioners (doctors who are licensed, but do not have residency training), as well as physicians who have had residency training in these medical specialties: Family Practice, Internal Medicine, and Pediatrics. Additionally, some Obstetrician/Gynecologists choose to serve as PCPs for their women patients.

Mesa Mental Health Network

To receive benefits for mental health services or substance abuse treatments, care must be coordinated by the HMO New Mexico Behavioral Health Services Administrator, Mesa Mental Health. The member's primary care physician (PCP) must call 1-800-583-6372 or 816-6791 in Albuquerque to obtain approval for mental health and substance abuse services. Mesa Mental Health will then coordinate covered services with an appropriate provider in the member's area. Failure to obtain prior authorization from Mesa Mental Health will result in a denial of benefits.

The fact that a provider is listed in this directory does not make services received from that provider automatically eligible for benefits. Services must be covered under your health plan in order to be eligible for any HMO New Mexico benefits.
