

If a conflict arises between a Clinical Payment and Coding Policy (“CPCP”) and any plan document under which a member is entitled to Covered Services, the plan document will govern. If a conflict arises between a CPCP and any provider contract pursuant to which a provider participates in and/or provides Covered Services to eligible member(s) and/or plans, the provider contract will govern. “Plan documents” include, but are not limited to, Certificates of Health Care Benefits, benefit booklets, Summary Plan Descriptions, and other coverage documents. BCBSNM may use reasonable discretion interpreting and applying this policy to services being delivered in a particular case. BCBSNM has full and final discretionary authority for their interpretation and application to the extent provided under any applicable plan documents.

Providers are responsible for submission of accurate documentation of services performed. Providers are expected to submit claims for services rendered using valid code combinations from Health Insurance Portability and Accountability Act (“HIPAA”) approved code sets. Claims should be coded appropriately according to industry standard coding guidelines including, but not limited to: Uniform Billing (“UB”) Editor, American Medical Association (“AMA”), Current Procedural Terminology (“CPT®”), CPT® Assistant, Healthcare Common Procedure Coding System (“HCPCS”), ICD-10 CM and PCS, National Drug Codes (“NDC”), Diagnosis Related Group (“DRG”) guidelines, Centers for Medicare and Medicaid Services (“CMS”) National Correct Coding Initiative (“NCCI”) Policy Manual, CCI table edits and other CMS guidelines.

Claims are subject to the code edit protocols for services/procedures billed. Claim submissions are subject to claim review including but not limited to, any terms of benefit coverage, provider contract language, medical policies, clinical payment and coding policies as well as coding software logic. Upon request, the provider is urged to submit any additional documentation.

Non-Reimbursable Experimental, Investigational and/or Unproven Services (EIU)

Policy Number: CPCP028

Version: 2.0

Medical Policy Review Committee Approval Date: Jan. 10, 2022

Effective Date: April 15, 2022

Description

The purpose of this policy is to outline services (procedures codes or categories of codes) that are not reimbursable because they are explicitly determined, as indicated in the Coverage Statement of the Medical Policy, to be experimental/investigational/or unproven and do not require clinical review to determine coverage. The following list of codes includes CPT Category I codes, HCPCS and CPT Category III codes (the temporary code set for emerging technology, services, procedures, and service paradigms) which will be denied as non-reimbursable when submitted on a claim.

Reimbursement Information:

The following list of procedure codes identifies the services that are not reimbursable based on the member’s plan documents. This list may not be all inclusive.
