Medicare Prescription Payment Plan Participation Request Form

The Medicare Prescription Payment Plan is a voluntary payment option that works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). **This payment option may help you manage your expenses, but it doesn't save you money or lower your drug costs.**

This payment option might not be the best choice for you if you get help paying for your prescription drug costs through programs like Extra Help from Medicare or a State Pharmaceutical Assistance Program (SPAP). Call your plan for more information.

Terms and Conditions for Participation in the Medicare Prescription Payment Program

1. No Fees or Interest
The Medicare Prescription Payment Program does not charge any fees or interest, and no credit check is required to enroll in the program.

2. Notification to Pharmacy
Upon acceptance into the Medicare Prescription Payment Program, we will inform your pharmacy that you are using this payment option.

3. Applicability
This payment option applies only to Medicare Part D covered drugs processed after your election is confirmed.

4. Cost Sharing
When you fill a prescription for an eligible drug, you will pay zero dollars at the pharmacy. However, you will still be responsible for your cost share of the drug associated with your Medicare Part D benefit under your plan that can be paid through a monthly invoice.

5. Monthly Invoices
Each month, you will receive an invoice detailing the amount you owe, the due date, and information on how to make a payment. Monthly payments are required while you carry a balance, but you can pay the balance in full at any time.

6. Calculation of Monthly Payments
The formula for calculating the minimum monthly payment (referred to as the "maximum monthly cap") differs for the first month of participation versus the remaining months of the year. The maximum monthly cap calculations include specifics of a participant's Part D drug costs (previously incurred costs and new out-of-pocket costs), as well as the number of months remaining in the plan year and the amount outstanding. As such, the amount can vary from person to person and month to month, with the expectation that the total balance will be completely paid off by January 31 of the next calendar year.

7. Missed Payments
If you miss a payment, you will receive a reminder notice. If you do not pay your bill by the date listed in the reminder notice, you will be removed from the Medicare Prescription Payment Program. However, you will still be required to pay the amount you owe and may not be able to re-enroll in the Medicare Prescription Payment Program.

8. Opting Out
You can leave the Medicare Prescription Payment Program at any time by selecting the opt-out option through the website or by calling the phone number listed on the back of your member ID card. After you opt out, you will continue to receive an invoice each month for the amount you owe until your balance is paid in full.

10. Disenrollment and New Plan Enrollment
If you are disenrolled from your plan for any reason or enroll in a new plan with drug coverage, your participation in the Medicare Prescription Payment Program will end. However, you will continue to receive an invoice each month for any outstanding amounts until your balance is paid in full. You remain responsible for the amount due under this Medicare Prescription Payment Program. If you enroll in a new plan with drug coverage, you may be able to rejoin the Medicare Prescription Payment Program by contacting your new plan.

11. Address Updates
Any contact information or communication preferences you provide during election or directly through your Medicare Prescription Payment Plan Portal will only be used for your Medicare Prescription Payment Plan Program, and may not be communicated to your Medicare Part D plan.
